ABOUT THE MODULE

Montessori Teacher
Training Center

The training course accentuates on the practical aspect of teacher training, that is, how to scientifically and psychologically deal with the day-to-day aspect of teaching preprimary and primary children. The curriculum is designed by experts from the US keeping in mind the current practices in Montessori. The course aims to develop in students a high level of professional competence as teachers of the Montessori Method to deal with children from 2.5 to 6 years of age.

- A thorough grounding in the Montessori principle and philosophy.
- Basic understanding of child psychology.
- An appreciation and understanding of the teaching aids developed by Dr. Montessori.
- A knowledge of the Montessori environment and the role of the Montessori directress/ director.
- A knowledge of the Montessori curriculum

COURSE CURRICULUM

The curriculum is designed by experts from the US keeping in mind the current practices in Montessori. The course aims to develop in students a high level of professional competence as teachers of the Montessori Method to cater to children from 2.5 to 6 years of age.
